Subject: Map for use at NJIT forum if needed
Aerial_LowerEightMiles_PosterE_12000ScaleRoads_NavCh_RM_v2.pdf

Pat Tallarico suggested that we have a map of the area available in case we need to refer to it – attached is a good map of the lower 8 miles of the Lower Passaic River. Would you have it loaded with the other presentations, somewhere where it can be easily referred to if needed?

I will also have it with me on a thumb drive, as backup.

Also, my presentation is probably too large to e-mail to you – should I bring it on a thumb drive and load it that morning?
